

WHMIS 2015 ONLINE

WORKPLACE HAZARDOUS MATERIALS INFORMATION SYSTEM

ABOUT WHMIS 2015 ONLINE:

Every worker who works with, or in proximity to, a hazardous product in the workplace must have up-to-date WHMIS training. **This course is 100% compliant with current WHMIS legislation and meets the employer's responsibility to provide general WHMIS training in 2018.**

WHMIS was updated in 2015 to comply with the Globally Harmonized System of Classification and Labelling of Chemicals (GHS). WHMIS 2015 came into effect with a transition period lasting several years. Until December 1, 2018, employers may still have hazardous products in the workplace that use the "old" WHMIS 1988 labels, classifications, and (Material) Safety Data Sheets. To address this situation, the course educates participants about both WHMIS 2015 and WHMIS 1988.

Note: Employers must also provide workplace-specific training and instruction for each of the hazardous products in the workplace.

Learning Objectives:

Upon completion of *WHMIS 2015 Online*, participants will be able to:

- ✓ Recognize the role WHMIS plays in protecting the health and safety of workers
- ✓ Identify the WHMIS responsibilities of suppliers, employers, and workers
- ✓ Understand how hazardous materials are classified
- ✓ Know the workplace requirements related to the use of supplier labels and workplace labels, and how to locate and interpret the information found on these labels
- ✓ Locate specific types of information about a hazardous material by reading the Safety Data Sheet
- ✓ Identify the WHMIS exemptions for suppliers and importers
- ✓ Know the safe work practices working with hazardous products

Technical Requirements:

WHMIS 2015 Online is **mobile enabled**. Participants can train using any computer, tablet, or smartphone. The only requirement is an internet connection.

The Training Experience:

The training experience is **self-paced**. Participants can progress through the content at whatever pace matches their learning style and prior knowledge of the content material. They can listen to audio or disable it. And they can log out of the course at any time and resume where they left off. Most participants will complete *WHMIS 2015 Online* in less than 2 hours.

Evaluation Process:

No participant can complete the course until they have passed **mandatory tests** to verify their understanding of the course material. Those who fail a test must review the module content and re-test. There is no limit to the number of re-tests. Test questions are randomly selected from a test bank to ensure that each testing experience is unique.

Upon successful completion of the course, participants can download a *WHMIS 2015 Certificate of Completion*. This document will include the participant's name and the date of training.
